

City of Findlay Statement of Values

Individually and in Unison,

- We maintain unquestionable ethics throughout all our governmental relationships and in working with one another...
- We are dedicated to understanding, meeting and even exceeding internal and external customer needs and expectations...
- We encourage open communication, implicit trust, a participative management style, and productive teamwork in all we do...
- We celebrate and value diversity while recognizing and respecting that within each individual lies the strength of our community...
- We are diligently committed to environmental stewardship and to workplace safety...
- We strive to be the best at whatever we do and to continuously improve city government by measuring and benchmarking our performance.
